### Lifestyle Portfolio Strategy

We understand that your investment need and objectives are dynamic and change as per your changing life stage. The Lifestyle Portfolio Strategy addresses the same by providing you with the right mix between Equity and Debt, based on the duration of your investment. This helps you automatically decrease your exposure to Equity and increase your exposure to Debt as your age increases and your policy nears maturity.

Under this strategy, depending on the duration of your policy, premium paid, net of premium allocation charge (if any) will be allocated between the 3 investment funds as per a pre-defined strategy as mentioned in the table below.

Years to Maturity	Allocation in various Funds		
	Secure Fund	Debt Fund	Blue Chip Equity Fund
40	0.00%	0.00%	100.00%
39 → 11	0.00%	0.00%	100.00%
10	0.00%	10.00%	90.00%
9	0.00%	20.00%	80.00%
8	0.00%	30.00%	70.00%
7	0.00%	40.00%	60.00%
6	0.00%	50.00%	50.00%
5	0.00%	60.00%	40.00%
4	0.00%	70.00%	30.00%
3	10.00%	70.00%	20.00%
2	30.00%	60.00%	10.00%
1	40.00%	60.00%	0.00%

Years to Maturity = Policy Term - Policy Year + 1

- At the start of each policy year, the total fund value<sup>@</sup> across all segregated funds will be reallocated between the Funds as per the proportion mentioned above.
- The Unit creation subject to applicable charges, will be as per the allocation percentage mentioned above.

At the end of the lock-in period, the proceeds of the Discontinuance Policy Fund shall be paid to the policyholder and the policy shall terminate.
6. However, the policyholder has an option to surrender the policy anytime and proceeds of the Discontinuance Policy Fund shall be payable at the end of lock-in period or date of surrender whichever is later.

Here, “Proceeds of Discontinuance Policy Fund” is the discontinuance fund value after addition of the entire income earned for the period of investment in the Discontinuance Policy Fund net of applicable fund management charges, subject to a minimum guarantee of the interest, at the rate prescribed by IRDAI from time to time.

If the policy is in discontinuance status during the lock-in period, death benefit is the value of the Discontinuance Policy Fund as on date of intimation of death.

## **Discontinuance of Premium after lock-in period of the policy**

1. If the premium is not received before the expiry of the grace period, the policy will be converted into a reduced paid up policy with the paid-up sum assured i.e. (original sum assured) multiplied by a ratio of total period for which premiums have already been paid to the maximum period for which premiums were originally payable as per the terms and conditions of the policy. The policy shall continue to be in reduced paid-up status without rider cover (where rider premium is recovered in the form of charge), if any. All charges as per terms and conditions of the policy may be deducted during the revival period. However, the mortality charges shall be deducted based on the reduced paid up sum assured only.
2. On such discontinuance, we will within three(3) months of the first unpaid premium, communicate to you the status of the policy and provide the following options:
  - a. To revive the policy within the revival period of three years, or
  - b. Complete surrender of the policy.
3. In case you opt to revive the policy but do not revive the policy during the revival period, we will pay the Total Fund Value<sup>®</sup> as at the end of the revival period or date of maturity, whichever is earlier.
4. In case the policyholder does not exercise any option as set out above, the policy shall continue to be in reduced paid up status. At the end of the revival period or maturity, whichever is earlier, the Total Fund Value<sup>®</sup> shall be paid to the policyholder and the policy shall terminate.
5. However, the policyholder has an option to surrender the during the revival period. Upon receipt of the request, we will pay the Total Fund Value<sup>®</sup> and terminate the policy.

Return of Allocation Charge (if any), Return of Mortality Charge and Loyalty Additions (if any) shall not be applicable if the policy is in reduced paid-up status. However, any additions made before the policy is converted to reduced paid-up status shall not be reversed.

The death benefit under a paid up policy will be as follows:

- Higher of: (Paid-up sum assured on death<sup>^^</sup>) or (Base Fund Value<sup>1</sup> as on date of intimation of death);
- Where paid-up sum assured on death<sup>^^</sup> is higher of paid-up sum assured or 105% of the Premiums paid up to the date of death.
- Plus top-up death benefit (if any)

*[^^] Paid-up sum assured on death shall be reduced only to the extent of partial withdrawals with respect to the Base Fund Value<sup>1</sup> during the two-year period immediately preceding the death of the life assured.*

Maturity Benefit for a paid-up policy will be Total Fund Value<sup>®</sup> as on date of maturity.

The policy will terminate upon payment of death benefit or surrender benefit or maturity benefit.

## How do I revive my lapsed policy?

Once the policyholder revives the policy, the policy shall be revived restoring the risk cover and the rider cover, (where rider premium is recovered in the form of charge), if any, along with the investments made in the segregated funds as chosen by the policyholder less the applicable charges as described below in accordance with the terms and conditions of the policy.

1. You can revive the lapsed or paid-up policy within 3 consecutive years from the due date of first unpaid premium and before the expiry of the policy term subject to the following conditions:
  - a. Give us request on our website [www.bandhanlife.com/iAssist](http://www.bandhanlife.com/iAssist) or via any other mode as may be acceptable to us to revive the policy or policy along with rider cover, if any; and
  - b. Life assured produces evidence of insurability (in form of declaration of health condition and/or relevant medical reports specified by us) at your own cost, acceptable to us as per our underwriting policy; and
  - c. You will pay us all overdue premiums.
2. The company, at the time of revival:
  - a. Shall collect all due and unpaid premiums without charging any interest or fee.
  - b. May levy policy administration charge and premium allocation charge as applicable during the discontinuance period. Guarantee charges, if applicable during the discontinuance period, may be deducted provided the guarantee continues to be applicable. No other charges shall be levied.
  - c. Shall add back to the fund, the discontinuance charges deducted at the time of discontinuance of the policy if the policy was discontinued during the lock-in period.
  - d. Will create units at the unit price as on the date of revival using the amount of premium paid on revival, less any premium allocation charges attributable to the premium paid on revival in accordance with the ratio in which the premium should be allocated in the funds specified by you.

Upon revival of a policy, all the benefits under the policy (along with the rider benefits, if any) will be restored and the policyholder will become eligible for all due return of mortality charges and return of premium allocation charges and loyalty additions, if applicable.

## Force Majeure

1. The Company shall value the Funds (SFIN) on each day for which the financial markets are open. However, the Company may value the SFIN less frequently in extreme circumstances external to the Company i.e. in force majeure events, where the value of the assets is too uncertain. In such circumstances, the Company may defer the valuation of assets for up to 30 days until the Company is certain that the valuation of SFIN can be resumed.
2. The Company shall inform IRDAI of such deferment in the valuation of assets. During the continuance of the force majeure events, all request for servicing the policy including policy related payment shall be kept in abeyance.

The exposure of the fund as per the fund mandates shall be reinstated within reasonable timelines once the force majeure situation ends.
4. Some examples of such circumstances (in Sub-Section a. & Sub-Section b. above) are:
  - a. When one or more stock exchanges which provide a basis for valuation of the assets of the Fund are closed otherwise than for ordinary holidays.
  - b. When, as a result of political, economic, monetary or any circumstances out of the control of the Company, the disposal of the assets of the Fund are not reasonable or would not reasonably be practicable without being detrimental to the interests of the continuing policyholders.
  - c. In the event of natural calamities, strikes, war, civil unrest, riots, and bandhs.
  - d. In the event of any force majeure or disaster that affects the normal functioning of the Company.
5. In such an event, an intimation of such force majeure event shall be uploaded on the Company's website for information.
